## INDMET MINING PTE. LTD.

### DIRECTORS' STATEMENT

---

The directors present their statement together with the audited financial statements of **INDMET MINING PTE. LTD.** (the "Company") for the financial year ended 31 March 2023.

In the opinion of the directors, the accompanying financial statements are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2023, and of the financial performance, changes in equity and cash flows of the Company for the financial year then ended and at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts when they fall due.

#### 1. DIRECTORS

The directors of the Company in office at the date of this statement are:

Loke Poh Keun  
Prem Khandelwal  
Ashok Kumar Nayak

#### 2. ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE BENEFITS BY MEANS OF THE ACQUISITION OF SHARES AND DEBENTURES

Neither at the end of the financial year nor at any time during the financial year did there subsist any arrangement whose object is to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures in the Company or any other body corporate.

#### 3. DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

The directors of the Company holding office at the end of the financial year had no interests in the share capital and debentures of the Company and related corporations as recorded in the register of directors' shareholdings kept by the Company under Section 164 of the Singapore Companies Act except as follows:

Name of directors and related companies in which interests are held	Ordinary shares	
	At the beginning of the year	At the end of the year
Holding company - <b><u>Indian Metals &amp; Ferro Alloys Limited ("IMFA")</u></b> Prem Khandelwal	480	480
Subsidiary of holding company - <b><u>IMFA Alloys Finlease Limited</u></b> Prem Khandelwal (Beneficial interest is rested in IMFA)	10	10
<b><u>Utkal Coal Limited</u></b> Ashok Kumar Nayak	10	10

B. Panda Trust is the holding entity of Indian Metals & Ferro Alloys Limited.

**INDMET MINING PTE. LTD.**

**DIRECTORS' STATEMENT**

4. SHARE OPTIONS

(a) Options to take up unissued shares

During the financial year, no option to take up unissued shares of the Company was granted.

(b) Options exercised

During the financial year, there were no shares of the Company issued by virtue of the exercise of an option to take up unissued shares.

(c) Unissued shares under option

At the end of the financial year, there were no unissued shares of the Company under option.

5. AUDITORS

The auditors, Ecovis Assurance LLP, have expressed their willingness to accept re-appointment.

ON BEHALF OF THE BOARD OF DIRECTORS

.....  
Prem Khandelwal

.....  
Ashok Kumar Nayak

Date: 3 May 2023

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF  
INDMET MINING PTE. LTD.**

**Report on the Financial Statements**

**Opinion**

We have audited the accompanying financial statements of **INDMET MINING PTE. LTD.** (the "Company") which comprise the statement of financial position of the Company as at 31 March 2023, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 6 to 19.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2023 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

**Basis of Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw your attention to Note 1 to the financial statements which mentioned that the directors of the Company intend to apply for a strike-off of the Company in the future. Therefore, the going concern basis would then be inappropriate. Our opinion is not modified in respect of this matter.

**Information Other than the Financial Statements and Auditor's Report thereon**

Management is responsible for other information. The other information comprises the Directors' Statement, as set out on pages 1 to 2.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF  
INDMET MINING PTE. LTD.**

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF  
INDMET MINING PTE. LTD.**

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

1. GENERAL

The Company (Registration No. 201008960C) is incorporated and domiciled in Singapore with its registered office at 100 Tras Street #16-01, 100 AM, Singapore 079027. The financial statements are expressed in United States dollar, which is the functional currency of the Company.

The principal activity of the Company is that of an investment holding company.

The directors of the Company intend to apply for a strike-off of the Company in the future. Therefore, the going concern basis would then be inappropriate.

The principal activity of the subsidiary is disclosed in Note 8.

The financial statements of the Company for the year ended 31 March 2023 were authorised for issue by the Board of Directors on the date of the Statement of Directors.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**BASIS OF ACCOUNTING** - The financial statements have been prepared in accordance with the historical cost convention, except for the accounting policies mentioned below, and are drawn up in accordance with the provisions of the Companies Act 1967 and Financial Reporting Standards in Singapore ("FRSs").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of FRS 102, leasing transactions that are within the scope of FRS 116, and measurements that have some similarities to fair value but are not fair value, such as net reliable value in FRS 2 or value in use in FRS 36.

**ADOPTION OF NEW AND REVISED STANDARDS** - In the current financial year, the Company has adopted all the new and revised FRSs and Interpretations of FRS ("INT FRS") that are relevant to its operations and effective for annual periods beginning on or after 1 April 2022. The adoption of these new/revised FRSs and INT FRSs does not result in changes to the Company's accounting policies and has no material effect on the amounts reported for the current or prior years.

At the date of authorisation of these financial statements, there are FRSs, INT FRSs and amendments to FRS that are relevant to the Company that were issued but are not yet effective. The management anticipates that the adoption of these FRSs, INT FRSs and amendments to FRS in future periods will not have a material impact on the financial statements of the Company in the period of their initial adoption.

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

**CONSOLIDATED FINANCIAL STATEMENTS** - The financial statements of the subsidiary has not been consolidated with the Company's financial statements as the Company itself is a wholly-owned subsidiary of another company. Consolidated financial statements are prepared by the holding company, Indian Metals & Ferro Alloys Limited, incorporated in India, on a worldwide basis and such financial statements are publicly available. The registered address of Indian Metals & Ferro Alloys Limited is IMFA building, Bhubaneswar 751010, Orissa, India.

**SUBSIDIARY** - A subsidiary is an investee that is controlled the Company. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Investment in subsidiary in the financial statements of the Company are carried at cost, less any impairment in net recoverable value that has been recognised in profit or loss.

**FINANCIAL INSTRUMENTS** - Financial assets and financial liabilities are recognised on the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

**Financial assets**

Classification of financial assets

Debt instruments mainly comprise cash and bank balances and other receivables that meet the following conditions and are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

*Amortised cost and effective interest method*

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest is recognised using the effective interest method for debt instruments measured subsequently at amortised cost, except for short-term balances when the effect of discounting is immaterial.

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses (“ECL”) on other receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Company considers the forward-looking economic factors affecting the ability of the counterparty to settle the receivables.

The Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if i) the financial instrument has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

*Credit-impaired financial assets*

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred.

*Write-off policy*

The Company writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Company’s recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

*Measurement and recognition of expected credit losses*

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

*Derecognition of financial assets*

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

**Financial liabilities and equity instruments**

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Other payables

Other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost, using the effective interest rate method, with interest expense recognised on an effective yield basis.

Financial guarantee contract liabilities are measured initially at their fair values and, if not designated as at fair value through profit or, subsequently at the higher of the amount of obligation under the contract recognised as a provision in accordance with FRS 37 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation in accordance with FRS 18 *Revenue*.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

**IMPAIRMENT OF TANGIBLE ASSETS** - At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

**PROVISIONS** - Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

**REVENUE RECOGNITION** - Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated rebates and other similar allowances.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

**INCOME TAX** - Income tax for the financial year comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using tax rates (and tax laws) enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised, using the balance sheet method, providing for all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the end of the reporting period.

A deferred tax asset is recognised to the extent that it is probable that future taxable income will be available against which temporary differences can be utilised. Deferred tax assets are reviewed at the end of the reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited outside profit or loss (either in other comprehensive income or directly in equity), in which case the tax is also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively).

**NOTES TO FINANCIAL STATEMENTS***For the financial year ended 31 March 2023*

**FOREIGN CURRENCY TRANSACTIONS** - The financial statements of the Company are measured and presented in the currency of the primary economic environment in which the Company operates (its functional currency) which is the United States dollar.

Transactions in currencies other than the Company's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. All exchange differences are recognised in profit or loss.

**CASH AND CASH EQUIVALENTS IN THE STATEMENT OF CASH FLOWS** - Cash and cash equivalents in the statement of cash flows comprise bank balances and fixed deposits that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

### 3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(i) *Critical judgements in applying the Company's accounting policies*

Management are of the opinion that any instances of application of judgements are not expected to have a significant effect on the amounts recognised in the financial statements except as disclosed in Note 8 to the financial statements.

(ii) *Key sources of estimation uncertainty*

There are no key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year except as disclosed in Note 8.

### 4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT

(a) Categories of financial instruments

The following table sets out the financial instruments as at the end of the reporting period:

	<u>2023</u> US\$	<u>2022</u> US\$
<u>Financial assets</u>		
Cash and cash equivalents	61,582	88,927
Other receivables (excluding prepayments)	-	3
Total financial assets at amortised costs	<u>61,582</u>	<u>88,930</u>
<u>Financial liability</u>		
Other payables at amortised cost	<u>9,844</u>	<u>8,611</u>

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

---

(b) Financial risk management policies and objectives

The Company's major financial instruments include cash and cash equivalents, other receivables and other payables. The risks associated with these financial instruments include market risk (primarily being foreign currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented in a timely and effective manner.

i) Foreign currency risk

The Company does not hedge against currency exposure as its financial assets are largely in its functional currency. Hence no foreign exchange risk sensitivity analysis is performed.

ii) Interest rate risk

The Company is exposed to interest rate risk through the impact of rate changes on interest bearing liabilities and assets.

The interest rate and terms of repayment of fixed deposits are disclosed in Note 6. No sensitivity analysis is management is of the view that any reasonable possible changes in interest rate is not expected to have a significant effect on profit or loss.

iii) Credit risk

Credit risk refers to the risk that counterparties will default on its contractual obligations resulting in a financial loss to the Company.

The Company's credit risk is primarily attributable to its bank balance and other receivables.

The credit risk on liquid funds is limited because the counterparty is bank with high credit-ratings assigned by international credit-rating agencies.

iv) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The directors are of the opinion that the Company has sufficient capital to settle all its financial liabilities before it commences the procedures to apply for a strike-off.

v) Fair values of financial assets and financial liabilities

The carrying amounts of cash and cash equivalents, other receivables, other payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

(c) Capital risk management policies and objectives

The capital structure of the Company comprises only of issued capital and accumulated profits. The directors intend to apply for a strike-off of the Company in the future. Any surplus capital after repayment of debts would be repaid to the holding company.

**INDMET MINING PTE. LTD.****NOTES TO FINANCIAL STATEMENTS***For the financial year ended 31 March 2023***5. HOLDING COMPANY AND RELATED COMPANY TRANSACTIONS**

The Company is a wholly owned subsidiary of Indian Metals & Ferro Alloys Limited, incorporated in India. The ultimate holding entity is B. Panda Trust, registered in India. Related companies in these financial statements refer to members of the holding company's group of companies.

Some of the Company's transactions and arrangements are between members of the group and the effect of these on the basis determined between the parties is reflected in these financial statements. The intercompany balances are unsecured, interest-free, repayable on demand and are to be settled in cash unless otherwise stated.

**6. CASH AND CASH EQUIVALENTS**

	<u>2023</u> US\$	<u>2022</u> US\$
Cash at bank	61,481	88,826
Fixed deposits	101	101
Cash and cash equivalents in statement of cash flows	<u>61,582</u>	<u>88,927</u>

Fixed deposits bear average effective interest rate of 0.06% (2022: 1.00%) per annum and for an average tenure of 180 days (2022: 180 days). Management considers that the fixed deposits as cash and cash equivalents as the fixed deposits can be converted into cash without incurring significant costs.

**7. OTHER RECEIVABLES**

	<u>2023</u> US\$	<u>2022</u> US\$
Other receivables	-	3
Prepayments	-	1,123
	<u>-</u>	<u>1,126</u>

**8. INVESTMENT IN A SUBSIDIARY**

	<u>2023</u> US\$	<u>2022</u> US\$
Unquoted equity shares, at cost	8,750,000	8,750,000
Less: Impairment loss	<u>(8,750,000)</u>	<u>(8,750,000)</u>
	<u>-</u>	<u>-</u>

<u>Name of subsidiary</u>	<u>Principal activity/ Country of incorporation and operations</u>	Proportion of ownership interest/voting power held	
		<u>2023</u> %	<u>2022</u> %
PT Sumber Rahayu Indah	Inactive / Indonesia	70	70

**NOTES TO FINANCIAL STATEMENTS**

*For the financial year ended 31 March 2023*

The subsidiary holds a production mining business licence for coal as IUP No. 569 of 2009 (the "Mining Concession") for an area of 3,674 hectare, located at Kacamatan Raren Batuah and Dusun Tengah, Kabupaten Barito Timur, Kalimantan Tengah. The Mining Concession was granted by the Head of the Regency i.e. the Regent (Bupati) under a legal Decree and is valid for 10 years, extendable for 10 (ten) years 2 (two) times respectively. However, the subsidiary could not start production activities for extracting coal from the area under the Mining Concession due to the following reasons:

- a) the area under the Mining Concession is overlapping with the mining concession granted to few other entities; and
- b) the boundaries of the regency in which the subsidiary's Mining Concession falls are disputed to cross over to the boundaries of other regencies and province as per different conflicting maps issued by various authorities of Indonesia.

Despite several follow ups with the Government agencies of Indonesia and assurances from them for resolution of issues, the matter was not resolved. Further the Indonesian legislation was changed retrospectively requiring foreign ownership in mining investment to hold no more than 49% of the mining investment at the end of 10<sup>th</sup> year of production.

Consequently, Indian Metals & Ferro Alloys Ltd ("IMFA"), the holding company of the Company has on 24 July 2015, served a notice of arbitration on the Government of Indonesia pursuant to Article 3 of the United Nations Commission on International Trade Law Arbitration Rules and Article 9 of an Agreement between the Government of the Republic of Indonesia and the Republic of India for the Promotion and Protection of Investments (the "Treaty") raising claims of breach of the protections granted under the Treaty. After completion of filings and various hearings, the final arbitration award was announced on 29 March 2019 which has gone against the Company. Accordingly, management recorded and full impairment loss of the investment in prior years.

9. OTHER PAYABLES

	<u>2023</u> US\$	<u>2022</u> US\$
Accrued expenses	<u>9,844</u>	<u>8,611</u>

The Company's other payables that are not denominated in the Company's functional currency are as follows:

	<u>2023</u> US\$	<u>2022</u> US\$
Singapore dollar	<u>9,844</u>	<u>8,611</u>

10. SHARE CAPITAL

	<u>2023</u> <u>Number of ordinary shares</u>	<u>2022</u> <u>Number of ordinary shares</u>	<u>2023</u> US\$	<u>2022</u> US\$
<u>Issued and fully paid</u>				
At beginning and end of the year	<u>14,738,801</u>	<u>14,738,801</u>	<u>11,722,110</u>	<u>11,722,110</u>

The Company has one class of ordinary shares with no par value which carry no right to fixed income.

**INDMET MINING PTE. LTD.****NOTES TO FINANCIAL STATEMENTS***For the financial year ended 31 March 2023***11. INCOME TAX CREDIT**
